Figure 33. Ten years on, Morocco's two populations are closer in schooling and further apart in degrees

Sources: HCP, RGPH 2014 (commune tables compiled by Tafra) and RGPH 2024 (Indicateurs démographiques et socioéconomiques).
The 2024 unemployment rate follows a revised definition (HCP, Note sur le taux de chômage RGPH 2024), so that row is not comparable.
